## WELCOME TO JURASSIC!!

The usually peaceful Dorset town of Dorchester is being visited this week by over 1600 Scouts and Guides from across the UK and seven international countries. Kingston Maurward, normally an agricultural college, has been transformed into a Jurassic village. Many people have given hours of their time over the last week during our 'big build'. Plenty of exciting activities and events are planned over the next week and we hope to create a memorable experience for our visitors. We will help our camp participants discover more about our Jurassic coast, by taking a day trip to Brownsea Island and following our 'Jijopoly' around the surrounding area.
